<sup>1</sup>Operating earnings - pro forma are presented in all periods after giving effect to the change in accounting principles and after change in definition of operating earnings to include our share in net results of associates and excluding the effect of any movements in fair value of guarantees as would have been the case had AEGON The Netherlands' full hedge program been in place for the period Q1 2005 - Q4 2006. As from Q1 2007 operating earnings - pro forma is not applicable anymore and amounts are equal to operating earnings - adjusted.
